What You'll Get With LS Networks

A Purpose-Built Network For Your Customers

Provide your customers with our carrier-grade fiber optic network backed by an industry-leading 99.99% service level agreement.

Partner Program Tailored To Your Needs

Pick and choose what you need from training to enablement resources, cost-effective pricing, and a competitive commission structure including special promotions.

The Network Built for The Northwest

Transform the regional telecommunications landscape by serving rural and underserved communities with high-speed connectivity only found in metropolitan areas.

The LS Networks Agent Partner Program is tailored for you. Our Mission is to provide rural communities with local service and fiber-based infrastructure that enables them to maintain and advance lifestyles that support family, growth, and sustainability. We believe this philosophy holds true for our partner community as well.
